

THE EUROPEAN AFFAIRS COMMITTEE  
OF THE NATIONAL COUNCIL OF THE SLOVAK REPUBLIC  
**Tomáš VALÁŠEK**  
Chairman

---

Bratislava 23<sup>rd</sup> April 2020

Dear colleague,

In these times of crisis, solidarity among EU member states is needed more than ever. Which is why I am proud that one of the first acts of the European Affairs Committee under my leadership was to call on the Slovak government to send medical help to countries most affected by the Covid-19 crisis (attached). And I am delighted to report that first shipments of assistance, to Italy, have already taken place.

Dear colleague, while travel restrictions make it difficult to meet in person I look forward to introducing myself one way or another soon, and I particularly look forward to our collaboration over the coming months and years.

Yours sincerely,

To the Chairs of the European Affairs Committees  
of the National Parliaments of the European Union
